About me

Hannelize Olivier

The Unique Playschool is a journey I started in 2002.

From a play group in a double garage we have grown over the years to 2 registered premises with 16 staff members.

Hard work, dedication, patience, prayers and lots of grace keeps us going.

Dedicated and loving staff are one of the key components of The Unique Playschool. I am blessed with an amazing team that are always willing to go the extra mile.

I am passionate about movement development and believe children learn best through moving their bodies. Outside play, Dance and Movement development should always be a big part of a child's day.

In my free time I enjoy farm living, horse-riding, keeping fit and being creative.
